## Overview

The Pennsylvania Department of Human Services' HIPAA-compliant Provider Reimbursement and Operations Management Information System (PROMIS<sup>e</sup>™) has adopted the new version 5010 X12 standards. These standards are in compliance with the CMS mandate effective January 1, 2012.

This Companion Guide contains detailed instructions for interpreting the ASC X12 005010X221A1 Health Care Claim Payment/Advice (835) transaction records from PROMIS<sup>e</sup>™. **Please disregard any instructions that do not pertain to the services for which you are submitting.**

## Companion Guide Instructions

One of the new terms born out of HIPAA is *payer variability*. As each payer works to make its system HIPAA ready, there is a realization and an allowance that payers require information and values/formats specific to their systems. As such, each payer requires that transactions be completed with specific data. This Companion Guide was developed to communicate the Pennsylvania Medical Assistance-specific information required to successfully interpret the 835 transaction.

This Companion Guide is to be used in conjunction with the *ASC X12 Implementation Guide* found at <http://store.x12.org>. The *ASC X12 Implementation Guide* takes precedence and is the main source of information about the transaction sets. The Companion Guide contains:

- DHS's interpretation/application of the data elements that support Medical Assistance transaction submissions.
- The methods utilized to convey data that are not included in the *ASC X12 Implementation Guide*, but are required for processing Pennsylvania Department of Human Services transactions; and
- Clarification for certain, less obvious, but still standard, uses of the transaction (i.e., claim adjustment reason codes, and elements to hold previous payer coinsurance, co-pay, and deductible).

## Revisions to the Companion Guide

To aid the provider community in organizing these Companion Guides and the revisions that may occur, we have developed a revision schedule and notification process.

The initial release of this companion guide was June 2010. The first release reflected all the known information as of that date. However, as the implementation phases of PROMIS<sup>e</sup>™ progress, updates and releases of new information may be forthcoming.

The e-mail information that you provided when you registered for PROMIS<sup>e</sup>™ certification will be used to notify you when the regularly scheduled updates are available as well as when there are any special updates in between. If your email information changes, please notify HP Enterprise Services at [papac1@hp.com](mailto:papac1@hp.com).

### **Revision Process:**

For each new release of this Companion Guide, the information that has been changed since the previous version will be located in that specific section of the guide. If a revision is made to a data element, it will be detailed in the Revision(s) Description section in the table containing the element. DHS will clearly define the change that was made so it can be integrated into your process.

If there are any updated releases of the Companion Guide, DHS will attempt to notify you of its availability through the email address that you supplied when you registered for PROMIS<sup>e</sup>™ certification. Updates will also be posted to the DHS web site. You are encouraged to check for these updates regularly.
